# FRANCO HAS NO REMORSE

His Policy Best, Is Still His  
Belief

HE IS NERVOUS, HOWEVER

Carlos Died a Poor Man and Heirs Will  
Receive Only About \$30,000—  
Political Prisoners Freed  
in Lisbon.

Madrid, Feb. 8.—Ex-premier Franco and the members of his party, who left here Thursday evening on the south ticket express, bought tickets only to the frontier. Some say their destination is Paris, where this train was due last night, but in other quarters it is declared that the eventual destination of Senor Franco is Germany, where he intends placing his son in a university. Franco is accompanied by his wife and son and one of his intimate friends, Senator Novas.

The former premier showed great nervousness at the railroad station. He arrived there accompanied by several policemen and entered by a side door. While paying for the tickets for his party, his hands trembled so that the money fell from them to the floor. These arrangements finally completed, the travelers quickly entered a sleeping car which had been switched to a side-track, and which later was attached to the regular Paris train. Policemen kept back the curious crowd.

There was no hostile demonstration. The Spanish government detailed a detachment to accompany Franco to the interior. Senor Franco was approached for an interview, explained that under the circumstances he preferred not to say anything, but permitted a prominent member of his party to converse and say for him that he suffered no remorse for his conduct as a statesman. On the contrary, he was firmly convinced that the policy he had pursued was the wisest one possible.

"Portugal was in a state of demoralization," said the spokesman for Senor Franco, "and every excess of liberty to-day, while having an apparent effect of tranquillity, was in reality only adding to the violent passions of the people which later will explode with greater violence."

**Vertical Travel in Manhattan.**  
An official in the New York building department has figured out that the vertical traction travel in Manhattan is now larger than the horizontal railway traffic. In other words, the 6,000 elevators in this borough carry more passengers than do all the surface, elevated and subway roads combined. The number of people using the elevators in some of the big office buildings is almost incredible. In the Park Row building, according to actual count, as many persons were taken up and down in one day as would be carried on an average by the entire street car system of Nashville, Tenn. The longest vertical trip will be furnished by one of the elevators in the Metropolitan building's new tower, where there will be a straight lift of one-ninth of a mile.—New York Sun.

**Investors Observe**  
In determining market values of shares, the following facts are essential: the market price, the dividends paid, and the margin of safety or surplus after the payment of such dividends.  
Market Letter No. 56 shows earnings, dividends paid, and margin of safety on over 100 railroad and industrial shares actively quoted.  
This letter will show you why it may be wise for you to sell stocks you now own and re-invest the proceeds in shares yielding larger dividends and having a greater margin of safety.

## ABOUT THE STATE

The sale of brandy drops must stop, says State's Attorney R. A. Lawrence of Rutland county, also other candies containing inebriating stuff.

Fire in Waterville Tuesday morning destroyed Frank Laraway's saw-mill, cleaving mill and grist mill, and the covered bridge near the mill. The loss, which was great, has not been estimated. It is only partially covered by insurance.

Joseph Laviolette, 93 years old, who died recently at his home in East Charlotte, was the oldest person in town. Matthew St. Peter is now the oldest, having been born in February, 1817. Next to Mr. St. Peter in age is Mark Reynolds, who was born in April, 1817, his wife, born in April, 1820. Both Mr. and Mrs. Reynolds are in feeble health.

Alden Fuller, aged 75 years and a Civil War veteran, died at the home of his only son, Charles A. Fuller, in Rutland Thursday. Mr. Fuller was a native of Waterville, Mass., and was a survivor of the 15th Massachusetts regiment, being mustered out as sergeant. He was taken prisoner at Balls Bluff. The funeral to-day was in charge of the Grand Army post.

Manager Powell of the St. Johnsbury academy gave ball teams last arranged the following schedule for the team during the season of 1908: April 25, St. J. A. vs. Lyndon Institute at Lyndonville; May 6, St. J. A. vs. Rockland military academy at St. Johnsbury; May 10, St. J. A. vs. People's academy at St. Johnsbury; May 22, St. J. A. vs. Goddard academy at Barre; May 25, St. J. A. vs. Montpelier academy at Montpelier; May 30, open; June 1, St. J. A. vs. Montpelier academy at St. Johnsbury; June 6, St. J. A. vs. People's academy at Morrisville; June 9, St. J. A. vs. Goddard academy at St. Johnsbury; June 12, St. J. A. vs. Lyndon Institute at St. Johnsbury.

## FIRE LOSSES ADJUSTED.

Insurance Allowed on Enosburg Falls Property Destroyed, \$24,500.

Enosburg Falls, Feb. 8.—Insurance officials were in town Thursday and adjusted the different claims on property which was burned in the fire Saturday night. M. P. Perley & Co. received \$10,500 on the stock and \$4,500 on the building. W. E. Mitguy & Co. received \$9,500 on the stock. T. J. Marchand was allowed \$400 on household goods and Dr. F. S. Hutchinson received \$900 on his office effects.

**DIED A POOR MAN.**  
A meeting of the Lake Champlain centennial commission was held at the Van Ness house, Burlington Tuesday afternoon when Rev. Fletcher D. Froder, W. H. Crockett of St. Albans, Prof. Walter E. Howard of Middlebury, M. D. McMahon of Burlington, R. W. McCuen of Vergennes and L. M. Hays of Essex Junction, were present, the Hon. Horace W. Bailey being detained by illness.

At the meeting of the joint sub-committee of New York and Vermont, held in Albany December 21, 1907, the Vermont sub-committee, resolved that the sub-committee of the Vermont commission recommend to the Vermont commission that the 300th anniversary of the discovery of Lake Champlain by Samuel de Champlain be celebrated in manner fitting the occasion by the state of Vermont, acting in conjunction with the state of New York. The resolution was adopted by the full commission at its meeting and a similar resolution was also passed by the New York sub-committee and the two resolutions were presented to Gov. Charles E. Hughes on that date.

The New York commission will probably ask the New York legislature for an appropriation of \$100,000 to be expended in the celebration and in the erection of a memorial to Champlain. Vermont to also take part with New York in the celebration and in the erection of a monument.

Two joint sub-committees are working on a memorial to be presented to the state department at Washington, seeking an appropriation from Congress, the same to be used in entertaining foreign guests from France, Great Britain, and Canada.

It was further resolved by the commission that an important feature of the celebration should be a suitable memorial to be erected at some point in the Champlain valley. Several designs of monuments were also presented.

Following the meeting of the state commission at the Van Ness house a meeting of the local committee was held at the rooms of the Burlington Commercial club, to hear a report of plans for the celebration, as presented by L. M. Hays, of Essex Junction, the other members of the commission being obliged to leave to catch trains.

Charles E. Allen was elected secretary of the local committee, and the chairman of the local committee, W. J. Bigelow, was authorized to appoint a committee of five as an organization committee to outline the work of the local committee and appoint members of the sub-committees.

The entire meeting was devoted to the discussion of the arrangements for the celebration, as they were roughly outlined by Mr. Hays.

**Care of Dogs in Winter.**  
Eren house dogs require meat and other hearty food. It is a mistake to make milk the chief of their diet. It is not necessary to feed meat more than once a day—indeed, this is too much, as other solid foods furnish many meat substitutes. Sufficient salt as seasoning of his food is a necessity to keep a dog's digestion in good order.

Dogs take cold easily from being bathed and then exposed to drafts before the hairy coat is dry. A thorough brushing three or four times a week cuts out the necessity for so many baths.

When a dog takes cold he should have a dose of quinine administered in his food or drink. He is like a human in the cause and cure of his disorder. For flea give a bath of kerosene. Let it get into his eyes and exempt not a hair of his body if you wish to eradicate the insects. Fleas abound where several dogs live together.—New York Herald.

## 13,000 FEET OF NAMES.

Hot Fight on for an Open Sunday in Chicago.

Chicago, Feb. 8.—Thirteen thousand and fifty feet of signatures, representing the desire of 108,962 voters to pass upon the merits of the Sunday saloon question, have insured the appearance of a ballot bearing this question at the spring election on April 7.

All the petitions which have been circulated by workers for the United Societies were gathered together Thursday evening, making a formidable appearance as they were prepared for the binder. Stacked together, they made a pile 6 feet 8 inches high.

The United Societies, fighting for the open Sunday, declare that the votes which these petitions represent insure their cause an overwhelming majority.

**His Recommendation.**  
A Baltimore man had until recently a dinky in his employ—as a shiftless and worthless a dinky, says he, as ever he came across. One day the employer, his patience exhausted, called Sam into his office and told him to look for

another job. "Will you give me a letter of recommendation?" asked Sam, pitifully. Although he felt that he could not conscientiously comply with this request, the Baltimore man's heart was touched by the appeal. So he sat down to his desk to write a non-committal letter of character for the negro. His effort resulted as follows: "This man Sam Harkins, has worked for me one week and I am satisfied."—Argument.

## IT IS FOR LADIES, TOO.

**They Can Stop Their Hair Falling Out**  
With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that sets the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease. It will not stain or dye. Sold by leading druggists. Send 3c. in stamps for sample to The Herpicide Co., Denver, Colo.
